

Principle

- HV-10
 - Capacity: 10 L
 - Consistency: 4-10%
 - Similar to Valley beater
 - Other dimensions
 - Different roller geometry

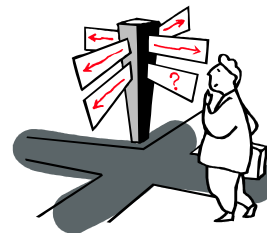

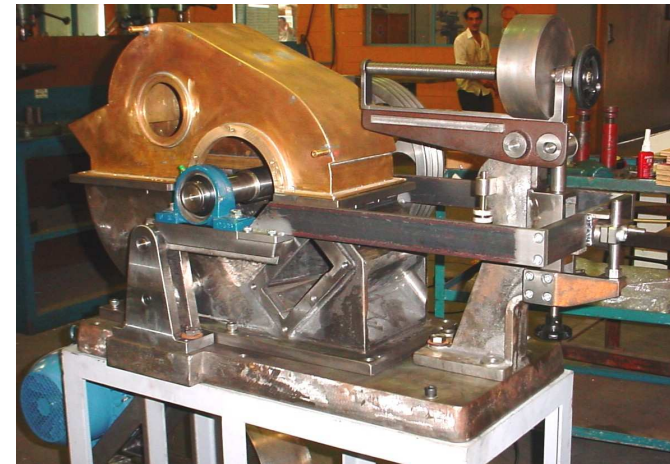

Standards

- HV-10
 - NON standard beater

Technical specifications

- HV-10
 - Capacity: 10 L
 - Consistency: 4-10%
 - Pressure control
 - Integrated balance
 - Stainless steel components

Technical specifications

- HV-10
 - Beating speed:
10m/sec
 - Closed beating loop=
homogenously
beating
 - Cooling system – tap
water
 - Stable – fixation on
ground
